**Carrier Notification  
SN91083839**

Date: October 1, 2003

To: Competitive Local Exchange Carriers (CLEC)

Subject: CLECs – (Billing) Introduction of New Uniform Service Order Codes (USOC) for Line Sharing Installations on or After October 2, 2003

This is to advise that in order to implement the Shared Loop changes reflected in the Federal Communications Commissions' (FCC) Triennial Review Order, all installations of Line Sharing (both Central Office (CO) based and Remote Terminal (RT) based, and BellSouth owned or DLEC owned splitter) that are in service before October 2, 2003, will be billed the monthly recurring charges using the existing USOCs. However, all Line Sharing installations that occur on or after October 2, 2003, will be billed at current rates using newly created USOCs.

The USOCs are as follows:

**IN SERVICE PRIOR TO OCTOBER 2, 2003:**

<u>USOC</u>	<u>SERVICE</u>
ULSCC	Line Sharing – CO Based - per line activation – CLEC owned splitter
ULSDC	Line Sharing – CO Based - per line activation – BellSouth owned splitter
ULSTC	Line Sharing – RT Based – per line activation – CLEC owned splitter
ULSRC	Line Sharing – RT Based – per line activation – BellSouth owned splitter

**IN SERVICE ON OR AFTER OCTOBER 2, 2003:**

<u>USOC</u>	<u>SERVICE</u>
ULSCT	Line Sharing – CO Based - per line activation – CLEC splitter
ULSDT	Line Sharing – CO Based - per line activation – BellSouth splitter
ULSTT	Line Sharing – RT Based – per line activation – CLEC splitter
ULSRT	Line Sharing – RT Based – per line activation – BellSouth splitter

The impacted USOCs are the Carrier Access Billing System (CABS) billing USOCs only. The Provisioning USOCs remain unchanged. We wish to remind CLECs that the Interconnection Agreement needs to be amended to reflect the changes contained in the FCC Triennial Review Order.

If you have any questions, please contact your BellSouth Local Contract Manager.

Sincerely,
