Subject: CLECs – (Product/Service) - Unbundled Network Elements-Platform (UNE-P) Customers only – End-User Inside Premises Wiring Charges

This is to advise that effective immediately, installation charges to UNE-P CLECs for End-User Inside Premises Wiring apply as follows:

After November 30, 2003, Local Service Requests (LSR) will be returned for clarification when the incorrect USOC is populated on the Port Service (PS) page of the LSR.

Rates for End-user Inside Premises Wiring are located in the “Non-Regulated Services Pricing” section of the tariff for each state in the BellSouth region. Because rates are subject to change, they should be viewed periodically. The tariffs may be accessed from the BellSouth Interconnection Services’ Web site located at:
