Atlanta, Georgia 30375

**Carrier Notification
SN91084128**

Date: June 15, 2004

To: Competitive Local Exchange Carriers (CLEC)

Subject: CLECs – (Product/Service) – Commercial Offering for BellSouth Unbundled Network Element (UNE) Transport Transition

In **Carrier Notification Letter SN91084063**, BellSouth announced that, due to the regulatory uncertainty created by the potential vacatur ordered by the D.C. Circuit Court of Appeals of certain portions of the Triennial Review Order (TRO), BellSouth would offer a transition plan for high capacity loops and transport until June 15, 2004. As of June 16, 2004, the vacatur ordered by the D.C. Circuit Court of Appeals is effective. This is to inform BellSouth's CLEC customers that BellSouth intends to continue to offer such a transition plan, but has modified the plan to provide no rate increases for existing facilities through December 31, 2004. BellSouth retains the right to terminate this offer at any time upon notice.

To obtain more information about BellSouth's revised transition offer, please contact your BellSouth contract negotiator.

Sincerely,
