**Carrier Notification
SN91084173**

Date: July 26, 2004

To: Compleitive Local Exchange Carriers (CLEC)

Subject: CLECs – (Product/Service) - Updates to the Unbundled Network Element (UNE) Port/Loop Combination (UNE-P) to UNE-Loop (UNE-L) Bulk Migration CLEC Information Package.

This is to announce updates to the above-referenced CLEC Information Package based on Bulk Migration updates/enhancements. The first update is an interval change for Bulk Request orders for UNE-P to UNE-L Bulk Migration. Effective July 26, 2004, the provisioning interval is reduced from fourteen (14) business days to eight (8) business days.

The second update/enhancement is the Notification Tool availability for non-coordinated migrations. The Notification Tool, which is currently available, provides the CLECs with service order provisioning data associated with migrations to non-designed non-coordinated UNE-Ls. Access to the Notification Tool is via the Operations Reports menu within Performance Measurement and Analysis Platform (PMAP) Web site located at:

<http://pmap.bellsouth.com>

The last update is the title change of the CLEC Information Package. The new title of the package will be Unbundled Network Element Platform (UNE-P) and DS0 Wholesale Local Platform Service to UNE-Loop (UNE-L) Bulk Migration CLEC Information Package. DS0 Wholesale Local Platform Services was formerly known as DS0 Wholesale Local Voice Platform Services. This Information Package applies to both Services.

The updated Bulk Migration CLEC Information Package will be posted to the following Web site address on July 26, 2004:
