
BellSouth Interconnection Services

675 West Peachtree Street
Atlanta, Georgia 30375

**Carrier Notification
SN91084185**

Date: August 19, 2004

To: Competitive Local Exchange Carriers (CLEC)

Subject: CLECs – (Other) - Addresses Not Loaded in the Regional Street Address Guide (RSAG)
for Unbundled Network Element (UNE) Services

This is to advise that BellSouth has discovered, and is currently investigating, certain UNE service locations where some addresses are omitted and are not being loaded into RSAG. The following interim solution will be employed until such time that this situation can be fully investigated and corrected:

- If an address cannot be validated in the pre-ordering function, and it is known to be valid (existing UNE service may already be located there), the Local Service Request (LSR) should be submitted manually. For these instances, BellSouth will bill the SOMECH charge.
- The Project Field on the LSR should be populated with LOADADDRESS.
- The BellSouth Local Carrier Service Center (LCSC) will validate the address manually, and upon verification that it is valid, will process the request.

If you have any questions, please contact your BellSouth local support manager.

Sincerely,
