Atlanta, Georgia 30375

**Carrier Notification
SN91084252**

Date: October 4, 2004

To: Competitive Local Exchange Carriers (CLEC)

Subject: CLECs – (Product/Service) – Notification of Errors in the Access Daily Usage File (ADUF)
Daily Feed

This is to advise that BellSouth has identified system errors impacting the Access Daily Usage Files (ADUF) dated September 29, 2004. The errors involve:

- Records sent without Header (202409) information
- Records sent without Trailer (202410) information, or
- Out of sequence invoice number combinations within a header and trailer pack.

The system errors have been corrected; therefore, BellSouth resent the corrected September 29, 2004 ADUF records to the impacted customers on October 1, 2004, with a pack date of September 30, 2004.

Due to the time required to correct the errors, BellSouth did not send the ADUF records for September 30, 2004, in a regular transmission, but rather combined the September 30 and October 1, 2004 ADUF records, and sent them under the header of October 1 in a separate transmission at the regular transmission time on October 1, 2004.

Should you have any questions, please contact your BellSouth ADUF/Optional Daily Usage File (ODUF) specialist listed below:

<u>Name</u>	<u>Telephone Number</u>	<u>E-mail Address</u>
