**Carrier Notification  
SN91084261**

Date: November 22, 2004

To: Resale Competitive Local Exchange Carriers (CLEC)

Subject: Resale CLECs – (Product and Services) - **REVISED** - Local Service Request for Resale and Unbundled Network Elements-Platform (UNE-P)  
(Originally posted on October 14, 2004)

Currently, when a Local Service Request (LSR) is submitted for REQTYPs E & M (Non-Complex) with ACT T/LNA T, **removing /ADL and populating WSOP = V**, the system will auto-clarify with the following error message:

WSOP OF V AND ADL NOT ALLOWED ON SAME TN

**In addition, when an LSR is submitted for REQTYPs E & M (Non-Complex) – with ACT N/LNA = N, adding two lines (one of the lines has /ADL populated behind the Category D USOC) and WSOP = V, the system will auto-clarify with the following error message:**

**WSOP OF V AND ADL NOT ALLOWED ON SAME TN**

This is to advise that effective immediately, when submitting an LSR to remove /ADL on ACT T/LNA T and WSOP = V **or submitting an LSR adding two lines (one of the lines have /ADL behind the Category D USOC) and WSOP = V**, the LSR must be submitted manually. BellSouth will bill the mechanized charge (SOMECH) in lieu of the manual (SOMAN) charge until the electronic ordering systems are enhanced to accommodate these transactions.

Specific product ordering information can be found at the BellSouth Interconnection Services Web site in the Customer Guide section located at:

Please contact your BellSouth local support manager with any questions.

Sincerely,
