Date: November 19, 2004

To: Facility-Based Competitive Local Exchange Carriers (CLEC)

Subject: Facility-Based CLECs – (Documentation/Guides and Provisioning) - Announcing the BellSouth Provisioning Guide for Voice Grade Unbundled Network Element-Loop (UNE-L) Service

This is to advise that BellSouth has published a Provisioning Guide for Voice Grade UNE-L Service. This guide describes the current process used by BellSouth to provision voice grade UNE loops. Within this document, coordinated and non-coordinated hot cuts as well as new installation activities are described for the Service Level 1 (SL1) and Service Level 2 (SL2) UNE loop products. This new document replaces the “CLEC Contact Requirements Matrix for the UNE Center” document and is effective immediately.

The BellSouth Provisioning Guide for Voice Grade UNE-L Service has been posted to the BellSouth Interconnection Web site in the Guides and Reference sections at the following address

http://www.interconnection.bellsouth.com/guides/html/other_guides.html

If you have any questions, please contact your BellSouth support manager.

Sincerely,

ORIGINAL SIGNED BY PAM TIPTON FOR JERRY HENDRIX
