Atlanta, Georgia 30375

**Carrier Notification
SN91084319**

Date: December 15, 2004

To: Competitive Local Exchange Carriers (CLEC)

Subject: CLECs – (Maintenance & Repair and Provisioning) - Force Majeure Event for Alabama Operations – Self-Effecting Enforcement Mechanisms (SEEM) Payments and Service Level Contract (SLC) Penalties for October 2004

This is to advise that due to the recent hurricanes in Alabama, BellSouth posted a notice to the Performance Measurement Analysis Platform (PMAP) Web site related to the effect of the hurricanes on October 2004 SEEM and SLC Payments in Alabama. As stated in that notice, and as described in BellSouth's letter filed with the Alabama Public Service Commission (PSC) on September 21, 2004, Hurricane Ivan constituted a Force Majeure event that affected BellSouth's operations in Alabama. In accordance with paragraph 4.5.3 of the Alabama SEEM Administrative Plan and paragraph 17 of the SLC, BellSouth is not obligated to pay remedies when a Force Majeure event results in performance noncompliance.

Hurricane Ivan affected BellSouth's Provisioning and Maintenance and Repair (M&R) operations in Alabama as specified in the September 21, 2004 letter to the PSC. A list of those wire centers still affected in October 2004 is attached to this notice. Thus, BellSouth has excluded data from the affected wire centers for the period of October 1, 2004, until the restoral to normal service date listed in the attachment, in calculating the submetrics upon which Provisioning and M&R remedies will be paid for the month of October. Remedies for submetrics in all other measurement domains were not affected by or adjusted for this Force Majeure event.

Please submit any questions you may have via the BellSouth PMAP Web site in the Feedback Option section at the following address:

<http://pmap.bellsouth.com>

Sincerely,

ORIGINAL SIGNED BY JERRY HENDRIX

Jerry Hendrix – Assistant Vice President
BellSouth Interconnection Services
