Subject: All Interconnection Services Customers – (Tariff and Billing) - New Rates and Fast Packet Savings Plan Credits for BellSouth® Metro Ethernet Service

This is to announce that effective August 2, 2005 BellSouth will increase the Fast Packet Savings Plan (FSP) credit percentages offered to customers requesting Metro Ethernet credit under the FSP plan. Details of the FSP plan can be found in Section 2.4.8 of the BellSouth Tariff FCC No.1.

Concurrent with this change, BellSouth will increase the month-to-month Metro Ethernet Service Additional Mileage charges in the BellSouth Tariff FCC No. 1, Sections 7.5.22 and 23.5.2.23.

BellSouth Metro Ethernet provides an advanced Ethernet Layer 2 service with features including committed bandwidth, bursting capabilities, traffic prioritization, aggregation, and customer network management. The service provides transport options ranging from 10Mbps through 1Gbps with Basic, Premium, and Dedicated network configurations to meet specific customer needs.

If you have any questions, please contact your BellSouth account team representative.

Sincerely,
