**Carrier Notification
SN91085146**

Date: July 14, 2005

To: All Interconnection Services Customers

Subject: All Interconnection Services Customers – (Tariff, Billing and Product/Services) – Proposed Rate Increase for BellSouth Managed Shared Network Services

This is to advise that, effective July 29, 2005, BellSouth will file for a rate increase in the BellSouth Tariff FCC No. 1, in Sections 6 & 7 for specific network components associated with the Managed Shared Network Service (MSNS). The change will effect month to month and contract rates.

The effected network elements are the interface rates and the interoffice mileage rates. Current MSNS customers with a MSNS contract will continue to receive the contracted rates for the remaining term of their MSNS contract. Following the effective date of the tariff, the revised rates will be in effect for new MSNS customers and for services currently purchased under contracts which expire after the tariff effective date, whether such contracts are re-negotiated or converted to month to month billing.

Should you have questions, please contact your BellSouth account team representative.

Sincerely,
