**Carrier Notification
SN91086151**

Date: July 12, 2006

To: Competitive Local Exchange Carriers (CLEC)

Subject: CLECs – (Business/Operational Process and Billing) – Update to the Geographically Deaveraged Unbundled Network Element Rate Zones

This is to advise that, effective August 1, 2006, BellSouth will make modifications to the geographically deaveraged Unbundled Network Elements (UNE) rate zones resulting from the Georgia Public Service Commission's (PSC) Order Approving and Adopting new UNE rates in Docket No. 14361-U. BellSouth will incorporate these changes into its systems on the effective date. Please be advised that the rate zone changes will affect billing, and as a result, BellSouth reserves the right to review the rates associated with these wire centers and make any necessary adjustments.

For your review, listed below is a listing of the affected Common Language Location Identifications (CLLI) and zone values.

STATE	CLLI	INITIAL ZONE ASSIGNMENT	ZONE ASSIGNMENT AUGUST 1, 2006
GA	ASTLGAMA	1	2
GA	CNYRGAMA	1	2
GA	DBLNGAMA	2	3

The list of wire centers assigned to each UNE rate zone for each state in the BellSouth region can be found on the BellSouth Interconnection Services Web site located at:

http://www.interconnection.bellsouth.com/reference_library/become_a_clec/deaverage.html

Additionally, for CLECs operating in Louisiana, the correct rate zone designation for the Youngsville, Louisiana (YNVLLAAK) wire center is zone 2 rather than zone 1. As of August 1, 2006, BellSouth will likewise incorporate this change into its systems.

Please contact your BellSouth local contract manager with any questions.

Sincerely,

ORIGINAL SIGNED BY KRISTEN E. SHORE
