Subject: CLECs - (Documentation/Guides) - Introducing a New Field in the Local Service Request with the Implementation of EDI Local Mechanization Specifications 10, ENCORE Release 22.0 in the State of Mississippi

This is to advise that, on July 10, 2006, effective with the implementation of EDI Local Mechanization Specifications 10 (ELMS 10), ENCORE Release 22.0 BellSouth introduced a new field on the End User Form/Screen of the Local Service Request (LSR) labeled as Ordinance Number (ORDN).

**The ORDN field is applicable only in the state of Mississippi when a serial number is required in addition to a house number for a particular address.** If a serial number is required for an address, the word ORDINANCE will appear in the Regional Street Address Guide (RSAG) in the Service Instruction (SI) field. Whenever that occurs, the ORDN field must be populated.

Please refer to the Local Ordering Handbook (LOH)-ELMS10 Data Dictionary for specific requirements for the ORDN field.

Please contact your BellSouth local support manager with any questions.

Sincerely,
