**Carrier Notification
SN91086187**

Date: August 30, 2006

To: Facility-based Competitive Local Exchange Carriers (CLEC)

Subject: Facility-based CLECs – (Documentation/Guides) – Update to the BellSouth 271 High Capacity Loop and Transport – Georgia CLEC Information Package, Version 1

This is to advise that, effective September 1, 2006, BellSouth will update the 271 High Capacity Loop and Transport - Georgia CLEC Information Package, from Version 1 to Version 2. This update will include the availability of a 271 multiplexer connected to a 271 DS3 interoffice channel and commingling of 271 DS3 loops and DS1/DS3 transport elements with 251 elements. The 271 High Capacity Loop and Transport – Georgia CLEC Information Package will contain the commingling scenarios that are currently available. The 271 services and 271/251 commingled services in this package can only be ordered as new services at this time.

The 271 High Capacity Loop and Transport - Georgia CLEC Information Package, Version 2 will be posted on September 1, 2006, and can be found on the BellSouth Interconnection Services Web site at:

http://interconnection.bellsouth.com/reference_library/guides/html/unes.html

If you have any questions, please contact your BellSouth local support manager.

Sincerely,
