To: All Business Markets – Wholesale Customers

Subject: All Business Markets – Wholesale Customers – (Tariff, Billing and Product/Services) –
Proposed Rate Elements for BellSouth Managed Shared Network Services

This is to advise that, effective September 29, 2006, BellSouth will file rate elements in the BellSouth Tariff FCC No. 1, Sections 6, 7 and 23, to introduce BellSouth Switched Access (SWA) service components utilized when BellSouth SWA Dedicated Transport is provisioned over a customer's BellSouth Special Access (SPA) Managed Shared Network Service (MSNS) optical local channels.

Currently, Special Access (a/k/a BellSouth SPA) service customers that utilize BellSouth SPA MSNS optical local channels to transport BellSouth SWA service have their Special Access service reduced by a reduction factor, however, a SWA service is not available for shared use calculations.

This filing introduces BellSouth SWA MSNS components for the purpose of shared use calculations only when BellSouth SPA MSNS optical local channels are utilized to carry BellSouth SWA Dedicated Transport.

Should you have questions, please contact your BellSouth account team representative.

Sincerely,
