To: Facility-based Competitive Local Exchange Carriers (CLEC)

Subject: Facility-based CLECs – (Product/Service) – Announcing a New Flat Rate per Line Charge for Calling Name Database Service

BellSouth is pleased to announce a new flat rate per line charge for Calling Name (CNAM) Database Service for those customers purchasing Wholesale Local Platform (WLP) services from BellSouth. In addition to modifying the rate structure, BellSouth will modify your company's Optional Daily Usage File (ODUF) records to eliminate the CNAM related records previously associated with usage billing.

Should your company elect the flat rate option for CNAM services an amendment to your Commercial Agreement will be required. For more information about the rates, terms and conditions of the flat rate CNAM option, please contact your BellSouth contract negotiator.

Sincerely,
