**BellSouth Telecommunications, Inc.**

675 West Peachtree Street  
Atlanta, Georgia 30375

**Carrier Notification  
SN91087015**

Date: March 23, 2007

To: Competitive Local Exchange Carriers (CLEC), Independent Telephone Companies (ICO), Interexchange Carriers (IXC) and Payphone Service Providers (PSP)

Subject: CLECs, ICOs, IXCs and PSPs – (Business/Operational Process) – Expanded Local Calling Area – Huntsville, Alabama

Due to customer demand, effective May 7, 2007, calls made over BellSouth Telecommunications, Inc. d/b/a AT&T Alabama (AT&T AL) facilities between the following Alabama rate centers will become toll free:

Decatur and Huntsville  
Decatur and Madison

Once the Local Calling Areas for these communities are expanded, AT&T AL customers with flat-rate service, including Resale and Payphone Service Providers, will no longer be charged toll/usage charges for calls made between them. For end users in these communities subscribing to Measured Rate service, Area Plus® service and Area Calling service plans, the new areas will automatically be included in their Local Calling Area.

Following the expansion, all end users originating calls in AT&T AL switches calling between these areas **MUST** use 7-digit dialing. This is a change from the current 1+10 digit dialing plan. A customer incorrectly dialing 1+10 digits will encounter an announcement notifying them that “1” or “0” or the Area Code should not be dialed when calling the number. Call Forwarding arrangements between these areas must adhere to the 7-digit dialing plan as well.

Following is a chart listing the area code and the first three digits (NXX) of the telephone numbers included in the expanded local calling areas for these communities. The new NXXs added as part of this expansion are indicated in ***Bold Italics***.

**AT&T AL customers  
calling from:****Expanded Local Calling Area includes telephone  
numbers beginning with:**

Decatur
