Subject: IXCs - (Product/Service, Billing & Tariff) - Clarification of the BellSouth Transport Advantage Plan

The BellSouth Tariff FCC No. 1 Section 2.4.8 (H) Optional Payment Plan – Transport Advantage Plan (TAP) is a volume and term plan that allows customers to receive rewards in the form of credits. These credits are applied to the customer's bill in exchange for having maintained a specified level of Special Access (SPA) and Switched Access (SWA) dedicated transport services recurring billing for a specified period of time. Qualifying access services are described in Section 2.4.8(H) (7). Only transport services are considered part of TAP. Elements contained in BellSouth Tariff FCC No. 1, Section 6.8.2, Local Switching, are not transport elements and, as such, are not included in the TAP qualifying or eligible revenues.

If you have any questions, please contact your BellSouth account team representative.
