**Carrier Notification
SN91087039**

Date: March 9, 2007

To: All Business Markets – Wholesale Customers

Subject: All Business Markets – Wholesale Customers – (Billing, Tariff, and Product/Service) – Metro Ethernet Service Independent Telephone Company Trunk Arrangements to be Offered.

On March 15, 2007, BellSouth Telecommunications, Inc., d/b/a AT&T Southeast (AT&T) will add to the BellSouth Tariff FCC No. 1, Section 7, Metro Ethernet Independent Telephone Company (ICO) Trunk arrangements with Trunk Connections into ICO franchise territory. These Trunk Connections will provide shared trunk interconnection between AT&T's switched Ethernet network and the ICO's switched Ethernet network. The ICO Trunk Connection will provide data channel transport for connections that are ten (10) airline miles or less in distance from the AT&T ICO Trunk Connection wire center to the meet-point with the ICO. Meet-point locations greater than ten (10) airline miles from the AT&T Metro Ethernet Service ICO Trunk Connection wire center will require Additional Mileage charges.

Ordering and implementation may begin on the tariff effective date. Carrier Access Billing System (CABS) bills will be rendered in the same manner that existing bills are rendered today. In addition, the CABS bill will reflect the appropriate Uniform Service Order Code (USOC) for the services ordered.

Effective by April 15, 2007, the service described above will also be available in all BellSouth Telecommunications, Inc., state General Subscriber Services Tariffs (GSST), Price Lists, and Access Services Tariffs.

If you have any questions, please contact your AT&T account team representative.

Sincerely,
