In Carrier Notification Letter SN91087068, dated April 13, 2007, AT&T advised that the quarterly reconciliation and retroactive billing of Unbundled Network Element-Platform (UNE-P) Market Rates and DSO Wholesale Local Platform (WLP) Enterprise Rates for the January 2007 through March 2007 bill periods would commence with the June 2007 bill period invoices. Since that time, AT&T has identified errors in processing the June 2007 retroactive billing. Other Charges and Credits (OC&C) charges and certain debits and/or credits were duplicated on the June 2007 bills for Kentucky, Louisiana and Mississippi billing accounts. To correct these errors, AT&T will apply an adjustment to the July 2007 bills for impacted CLECs. AT&T apologizes for any inconvenience this billing error may have caused.

If you have any questions regarding your company's Agreement with AT&T, please contact your AT&T contract negotiator. If you have any questions regarding billing, please contact your AT&T Billing and Collections representative.
