

## Web Site News As Of January 5, 2006

Welcome to the SBC Midwest Performance Measurements web site.

November 2005 performance results for SBC Midwest performance measurements are now available.

### ***Recalculated and Reposted Performance Measures:***

Listed below are the measures for which previously reported results have been recalculated and reposted. SBC/Midwest makes available a listing of the recalculated and reposted performance measurement results that have also been restated (changed from the originally posted result) in the Reports section of this website. These reports are available for both CLEC-aggregate results and CLEC-specific results, and are accessed in the same manner as existing performance measurement reports.

- February through April 2005 results for performance measure 67 have been recalculated and reposted to correct for coding problems that caused retail compare results of three disaggregations to be duplicated and reported in place of the retail compare results of three other disaggregations.
- July through November 2005 results for performance measure CB 3 have been recalculated and reposted to exclude Local Wholesale Complete records inadvertently reported.
