### ***Recalculated and Reposted Performance Measures:***

Listed below are the measures for which previously reported results have been recalculated and reposted. AT&T makes available a listing of the recalculated and reposted performance measurement results that have also been restated (changed from the originally posted result) in the Reports section of this website. These reports are available for both CLEC-aggregate results and CLEC-specific results, and are accessed in the same manner as existing performance measurement reports.

- September 2010 results for performance measure CLEC Billing 3 have been recalculated and reposted to remove records incorrectly included in results due to a coding problem.
- October and November 2010 results for performance measures 13 and 13.1 have been recalculated and reposted to remove non-flow through records that were incorrectly included in results due to a coding problem.
