

## **Web Site News As Of February 20, 2006**

Welcome to the AT&T Midwest Performance Measurements web site.

January 2006 performance results for AT&T Midwest performance measurements are now available.

### ***AT&T Midwest PM Audit Reports:***

AT&T Midwest PM Audit Reports are now available. These can be accessed by clicking the button at the bottom of this News Page.

### ***2005 Six-Month Review Performance Measures Change Implementation:***

Implementation of the 2005 Six-Month Review performance measurement changes began with December 2005 performance results. These changes will be implemented through March 2006 results published April 20, 2006. The Rules V2.0d have been updated via redline and posted on the web site to reflect the changes agreed to in the Six-Month Review that have been implemented with December 2005 and January 2006 reporting.

### ***Effective with January 2006 data:***

- The EELs Transport disaggregations of PMs 56, 58, 59, 60, 62, 63, 65.1, 67, and 69 have been discontinued and results for future months, beginning January 2006, will not be reported.

### ***Recalculated and Reposted Performance Measures:***

Listed below are the measures for which previously reported results have been recalculated and reposted. AT&T Midwest makes available a listing of the recalculated and reposted performance measurement results that have also been

restated (changed from the originally posted result) in the Reports section of this website. These reports are available for both CLEC-aggregate results and CLEC-specific results, and are accessed in the same manner as existing performance measurement reports.

- December 2005 results for performance measures 35 and 37.1 have been recalculated and reposted to correct a coding problem that prevented the reporting of Affiliate results.
