2003 Six-Month Review Performance Measurement Change Implementation:

Implementation of the 2003 Six-Month Review performance measurement changes began with February 2004 performance results. The 2003 Six-Month Review Agreed-To Measurement Change Implementation Schedule indicates the performance measurements that were implemented on March 22, 2004, April 20, 2004, May 20, 2004, June 21, 2004 and July 20, 2004 as well as targeted implementation dates for other performance measurements. The Schedule along with an Implementation Tracking Worksheet is available on the Performance Measures section of the CLEC OnLine web site.

Recalculated and Reposted Performance Measures:

Listed below are the measures for which previously reported results have been recalculated and reposted. SBC/Midwest makes available a listing of the recalculated and reposted performance measurement results that have also been restated (changed from the originally posted result) in the Reports section of this website. These reports are available for both CLEC-aggregate results and CLEC-specific results, and are accessed in the same manner as existing performance measurement reports.

- May 2004 data for PM 97 in Indiana and Wisconsin has been recalculated and reposted to correctly reflect misses in the measure
- June 2004 data for PM CLEC BILLING 5 has been recalculated and reposted due to misclassification of three updates in the original posting.

Please Note:

- The May 2004 results for PMs CLEC BILLING 4 and CLEC BILLING 5 are now displayed on the web site.

- The April 2004 results for PM 25 in Indiana are now displayed on the web site.
