

Web Site News As Of September 21, 2010

Welcome to the Performance Measurements web site for Illinois, Indiana, Michigan, Ohio & Wisconsin.

July 2010 results are now available for Illinois, Indiana, Michigan, Ohio & Wisconsin.

Effective August 20:

Recalculated and Reposted Performance Measures:

Listed below are the measures for which previously reported results have been recalculated and reposted. AT&T makes available a listing of the recalculated and reposted performance measurement results that have also been restated (changed from the originally posted result) in the Reports section of this website. These reports are available for both CLEC-aggregate results and CLEC-specific results, and are accessed in the same manner as existing performance measurement reports.

- April 2010 results for performance measure 6 have been recalculated and reposted to include XML line loss results omitted from reporting due to a coding problem.
- June, July, August, and December 2009 results for performance measures 35 and 62 have been reposted to correct a time stamp problem that prevented the results for some sub-measures from displaying.
