

Web Site News As Of August 26, 2005

Welcome to the SBC Midwest Performance Measurements web site.

July 2005 performance results for SBC Midwest performance measurements are now available.

This New Page updates the August 22, 2005 News Page to include performance measures inadvertently omitted in the item under the Recalculated and Reposted Performance Measures section.

Recalculated and Reposted Performance Measures:

Listed below are the measures for which previously reported results have been recalculated and reposted. SBC/Midwest makes available a listing of the recalculated and reposted performance measurement results that have also been restated (changed from the originally posted result) in the Reports section of this website. These reports are available for both CLEC-aggregate results and CLEC-specific results, and are accessed in the same manner as existing performance measurement reports.

- June 2005 results for performance measures 1.1, 1.3, 2, 5, 7.1, 10, 10.4, 13, 15, 17.1, 18, 25, 27, 55, 58, 59, 60, 62, 65.1, 67, 69, 78, 104, 109, 110, 113, CB 3, MI 2, and MI 13 have been reposted to display Retail and Affiliate results that were inadvertently omitted from display due to a coding error.

Please Note:

- The web site note for Restatement Reports has been updated to more accurately reflect web site functionality for date range selection criteria.
- The July 5, 2005 Web Site News stated that April 2005 results for performance measure 67 in Michigan were recalculated and reposted to correct for a processing error that caused March 2005 data to be reported in April 2005. This recalculation and reposting actually occurred on June 20, 2005, rather than July 5, 2005.
