

## **Web Site News As Of October 05, 2010**

Welcome to the Performance Measurements web site for Illinois, Indiana, Michigan, Ohio & Wisconsin.

**August 2010 results are now available for Illinois, Indiana, Michigan, Ohio & Wisconsin.  
Effective September 20:**

### ***Recalculated and Reposted Performance Measures:***

Listed below are the measures for which previously reported results have been recalculated and reposted. AT&T makes available a listing of the recalculated and reposted performance measurement results that have also been restated (changed from the originally posted result) in the Reports section of this website. These reports are available for both CLEC-aggregate results and CLEC-specific results, and are accessed in the same manner as existing performance measurement reports.

- April 2010 results for performance measure 6 have been recalculated and reposted to include XML line loss results omitted from reporting due to a coding problem.

### ***Please Note:***

A coding problem has been discovered that impacts August 2010 results for performance measures 29, 30, 35, and WI 1. This problem caused some No Field Work orders to be included in Field Work disags. Efforts are under way to fix this error and it is expected that corrected results will be published October 20, 2010.
